

NEXEN METALS

Your Strategic Partner for Metal Products

FLAT-ROLLED STAINLESS STEEL AND ALUMINUM PRODUCTS

Nexen Metals is a master distributor of flat-rolled stainless steel and aluminum products. Serving distributors of all sizes, Nexen Metals focuses on pallet quantities only, with our average pallet weight of approximately 2200 lbs, allowing you better control over your inventory level. By sourcing worldwide, Nexen Metals provides quality products at competitive prices. We primarily serve customers in the western states. We also offer mill direct and import services to companies nationwide.
